

JOB DESCRIPTION

POSITION: **IRRIGATION TECHICIAN**

REPORTS TO: Superintendent and/or Foreman

PURPOSE: Provide the physical labor and irrigation expertise to construct an irrigation system in a proper, efficient, and safe manner. We are looking for individuals who are willing to work hard, enjoy working outdoors, and have knowledge of construction techniques and safety practices.

PHYSICAL JOB TASK REQUIREMENTS:

1. Lift & carry 50-100 lb. loads.
2. Perform physical work (digging, picking, trenching, shoveling, carrying and laying sod, carrying and installing plants, bending & kneeling, etc.) on uneven ground or slopes for entire work shift (8 to 10 hrs).
3. Perform physical work in all weather and site conditions from wet and cold (below freezing) to sunny and hot (over 100 degrees) for entire work shift.

DUTIES AND RESPONSIBILITIES:

1. Install irrigation systems as directed by Superintendent or Foreman, including layout, pipe fitting, and irrigation component assembly as per the industry standards and project plans & specifications.
2. Report to the assigned project at the scheduled time with the required PPE including hard hat; safety vest; safety glasses; work boots and work gloves. Notify the Company immediately in case of any tardiness or absence.
3. Maintain RBI, Inc. quality standards throughout the project.
4. Observe all project safety practices. Report all accidents, injuries, and work related illnesses immediately to the project Superintendent.
5. Perform laborer tasks and other duties as assigned.

KNOWLEDGE AND SKILLS:

1. Basic knowledge of flow rates and pipe sizing.
2. The ability to read and understand blueprints and irrigation details.
3. Good verbal and written communication skills.
4. Good interpersonal skills

WAGES:

Starting at \$15.00 an hour commensurate with experience.
